About Me:

Passionate about unlocking the power of data through advanced analytics and machine learning with a cybersecurity lens. I thrive on developing innovative solutions and interactive platforms that demonstrate my expertise in Python, SQL, and predictive model building.

Education:

- **NMIMS MPSTME** – 1st Year, MBATech CE, CGPA: 8.92
- **Ryan International School (CBSE), 12th** – 89.6%
- **P.G. Garodia School (ICSE), 10th** – 90.33%

Technical Skills:

- **Programming:** Python (Pandas, NumPy, Matplotlib), SQL (Postgres), R
- **Data Analysis:** Exploratory Data Analysis (EDA), Feature Engineering, Model Building (in progress)
- **Tools:** Git, GitHub, Plotly, Weka
- **Web:** Basic HTML, CSS, Flask, Tailwind (learning), bootstrap (learning), JavaScript, Node.js

Professional Experience:

Internships:

- **Cybersecurity Intern at WhizHack:** Performed vulnerability analysis and security dataset visualization.
- **Threat Prism at IStop.ai:** Simulated threat scenarios and analyzed attack patterns using Python.
- **IIT Madras Foundation Certification:** Completed foundational programming and data science coursework.

Projects:

- **AI/ML & Research:** Sahayak (AI Teaching Assistant): Developed a full AI model for teacher assistance during a hackathon. Explainable AI Credit Scoring (Ongoing): Research on interpretable credit risk prediction models. SamudraManthan (Ongoing): Project identifying Taxonomy and Assessing Biodiversity from eDNA Datasets (Fisheries-based ML).
- **Data Product:** Market Trends Dashboard: Created an interactive dashboard processing live API data for market trend analysis and forecasting (Python/Plotly).

Leadership and Extracurriculars:

- **Technical / Event Management:** Technical Executive, Taqneeq (Official technical event of NMIMS) (Ongoing), Technical Executive, IEC (Aug 2024 – May 2025), SubHead, IEEE Research Committee (Ongoing), Organizing Team, Paradox 5th edition of IIT Madras (Technical Festival Operations)
